Experience

Dogtown Media • iOS Developer — Full-time
Aug 2023 – Present

My role included designing intuitive interfaces, writing efficient **Swift** code, using **SwiftUI**, and integrating third-party **APIs**. I collaborated with designers and product managers, tested for stability, deployed updates, and stayed on top of iOS trends to improve app performance.

DEMAX Digital • Swift Developer — Part-time
Jul 2022 – Dec 2023

Experienced in developing iOS apps with **UIKit** and **SwiftUI**. Proficient in integrating push notifications and managing databases using **Firebase** and **Realm**. Skilled in providing accurate project time estimates and creating detailed technical tasks.

Masons Traffic • Mobile Developer — Contract
Dec 2021 – Jun 2022   Fixed-term employment contract

A media buying company created and launched a custom iOS **WebView** app from concept to **App Store** release. Managed all phases of development, ensuring seamless execution and adherence to platform standards

Portfolio

Healthy: Monitor, Analyze, Improve! — 2024

Health tracking with our advanced app that seamlessly integrates with **HealthKit** and features customizable **widgets** for effortless monitoring of your heart rate and overall well-being.

DriverPro: Plan, Study, Test! — 2023

Developed an app to simplify obtaining a driver's license, utilizing **SwiftUI** and **SwiftData** for **iOS 17** compatibility. Incorporated **WWDC 2023** advancements for intuitive user interactions and seamless performance. Available on the App Store, showcasing a pinnacle achievement in my portfolio.
